PROFILE

A versatile Electrical Engineer with hands-on experience in circuit design, embedded systems, and IoT applications. Skilled in developing responsive web and mobile applications using modern tools and frameworks. Combines technical problem-solving with a passion for building practical, user-focused digital solutions. Strong team player with a drive for continuous learning and innovation.

WORK EXPERIENCE

Netech

2024 - PRESENT

IT expert

Designed and developed responsive web applications using HTML, CSS, JavaScript, and modern frameworks. Built cross-platform mobile apps with tools like Flutter and React Native. Integrated backend services, managed APIs, and ensured smooth user experience. Collaborated with teams to deliver functional, scalable, and user-friendly digital products.

Netech

2025 - PRESENT

electrical engineer

Worked on the design, testing, and maintenance of electrical circuits and systems. Gained hands-on experience with embedded systems and microcontrollers for automation and control projects. Conducted troubleshooting, system analysis, and implemented safety procedures in practical installations. Collaborated on project teams to deliver reliable and efficient electrical solutions.
